

VILLAGE OF LAKE BLUFF

FINANCE COMMITTEE

**Monday, March 14, 2016
6:00 PM**

**VILLAGE HALL CONFERENCE ROOM
40 E. CENTER AVE, LAKE BLUFF, IL**

AGENDA

I. Call to Order – Roll Call

Trustee Steve Christensen, Chairman
Trustee Mark Dewart, Member
Trustee Barbara Ankenman, Member

II. Approval of Minutes – February 12, 2016

III. Non-Agenda Items and Visitors

The Finance Committee allocates fifteen (15) minutes at this time for those individuals who would like the opportunity to address the Committee on any matter not listed on the agenda.

IV. Business Items

1. FY2017-2018 Tentative Biennial Budget Discussion
 - a. General Fund Multi-Year Projections
 - b. Water Fund
2. Executive Session – Personnel

V. Informational Items

- Moody's Investors Service Issues Annual Comment on Lake Bluff

VI. Adjournment

The Village of Lake Bluff is subject to the requirements of the Americans with Disabilities Act of 1990. Individuals with disabilities who plan to attend this meeting and who require certain accommodations in order to allow them to observe and/or participate in this meeting, or who have questions regarding the accessibility of the facilities, are requested to contact R. Drew Irvin at 847-234-0774 or TDD number 847-234-2153 promptly to allow the Village of Lake Bluff to make reasonable accommodations.

VILLAGE OF LAKE BLUFF - FINANCE COMMITTEE
MINUTES OF MEETING – February 12, 2016

I. Call to Order – Roll Call

The Finance Committee of the Village of Lake Bluff was called to order on Friday, February 12, 2016 at 5:15 PM in the Village Hall Conference Room, 40 E. Center Ave., Lake Bluff, Illinois.

Members Present: Trustee Steve Christensen, Chairman
Trustee Mark Dewart, Member
Trustee Barbara Ankenman, Member

Others Present: Kathleen O'Hara, Village Board President
William Meyer, Village Board Trustee
R. Drew Irvin, Village Administrator
Susan Griffin, Finance Director
Marlene Scheibl, Assistant Finance Director
Brandon Stanick, Assistant to the Village Administrator
Franco Bottalico, Village Administrative Intern (left at 6:00 PM)

II. Approval of Minutes

Member Ankenman to approve the minutes of the January 11, 2016 meeting as presented; seconded by Member Dewart and approved unanimously on a voice vote.

III. Business Items

1. FY2017-FY2018 General Fund Preliminary Biennial Budget Review

Village Administrator Irvin presented an overview of the process and parameters used in developing this first biennial budget for FY2017 and FY2018. Finance Director Griffin noted the exhibits attached to the General Fund Preliminary Budget memo. Exhibit A shows the General Fund actual revenues for the past two fiscal years, the most current fiscal year estimated actual, and the budgets for FY2017 and FY2018. Exhibit B is the summary of the General Fund expenditures by department and category. Exhibit C shows the General fund balances projections through April 30, 2018. Exhibits D are the line item worksheets for the General Fund departments. This preliminary budget was prepared with no changes to the allocation of state shared revenue sources. The General Fund capital expenditure budgets are \$1.8 and \$2.2 million for FY2017 and FY2018, respectively. This represents an increase of 47% from FY2016 estimated actual to FY2017 and a 24% increase from the FY2017 budget to the FY2018 budget. Capital expenditures can be reduced if changes in the state shared revenues cannot be absorbed by the contingency fund budgeted at \$200,000. The General Fund is the main operating fund of the Village and other than the Water Fund, is the only major fund. The total proposed budget for the General Fund is \$10,178,226 and \$10,840,079 (including the \$200,000 contingency) for FY2017 and FY2018, respectively. These expenditures are to be financed with projected revenues for \$9,736,769 and \$9,703,879, respectively. The operating expenditures and interfund transfers are \$8,198,656 and \$8,426,879. The investment in capital of \$1.789 and \$2.219 million each year accounts for 18% and 20% of the General Fund budget. VA Irvin noted that this biennial budget challenged the staff to plan for 24 months. The operations budget was restrained in an effort to increase capital spending. Chairman Christensen stated he had reviewed the projected fund balance of 58% at the end of the two year budget period to be sure the Village would be on target of having a fund balance of at least 50% of the operating expenditures, which is the fiscal policy requirement. Chairman Christensen asked what the procedure will be next year

to review the budget for FY2018 since this is a Biennial Budget. Director Griffin said the Village will still need to prepare another Budget Ordinance next year. VA Irvin added the FY2018 budget will be reviewed but not at the same detailed level as this year. President O'Hara inquired as to whether the Village had received the sales tax funds from North Chicago. Director Griffin replied that all past due sales tax revenue from the corridor agreement were recently received. Director Griffin stated the Budget Ordinance is not an appropriation ordinance so if there were unanticipated expenses which arise the Village would need to amend the Budget with a $\frac{3}{4}$ majority vote. Chairman Christensen asked about assumptions regarding any change in revenue received. Director Griffin responded the income tax would be the tax most likely to change. The two steps the Village could take to respond to a drop in revenue would be 1) use the contingency fund and 2) curtail expenses. President O'Hara asked what could be the worst case with a drop in revenue. What if the state withheld all shared funds including sales tax? VA Irvin said that during the 2009 downturn the Village curtailed capital spending and had a healthy fund balance to allow time to modify operations for sustainable expenditure reductions. Discussion ensued regarding the state of the economy. Member Dewart questioned whether the Village should have a strict plan of steps to take for different levels of a drop in revenues. Trustee Meyer said even when the federal economy stabilizes, the state still has significant financial issues to resolve. VA Irvin inquired if more funds should be put in the Contingency budget. Chairman Christensen responded there should be a specific plan for different levels of a drop in revenue such as if revenue drops \$250,000 or \$500,000, what should be done at each of those levels. VA Irvin said the responses would depend a lot on the timing of the drop in revenue. It currently takes the Village 4 months to receive sales tax information from the state. Chairman Christensen suggested there could be assumptions made for drops in revenue of \$250,000 and \$500,000 and form a plan if such drops would occur. This could also help with setting priorities. Director Griffin added if the grants were deducted from the revenues, the revenue projections revenues are conservative. Member Dewart inquired whether the Village had received the funds for the Pedestrian Bridge. Director Griffin received the funds had not been received; those funds are on hold. Member Dewart noted the installation of automatic defibrillators in all Village buildings was in the FY2018 budget and should occur sooner rather than later. This should be moved into the FY2017 budget. Member Dewart asked what the price of an ambulance call is. Director Griffin responded the Village pays Lake Forest \$1,350 per call which is the fully loaded cost less any reimbursement Lake Forest receives. VA Irvin said Knollwood switched its ambulance service from Lake Forest to Libertyville. He has had preliminary conversations with Libertyville for service to the west side. Director Griffin said the Village has 200-210 ambulance calls per year. Chairman Christensen noted legal fees are budgeted lower. Chairman Christensen asked about the status of the contract with Groot. VA Irvin said Groot has requested a 5 year contract but the contract is still being negotiated. Member Ankenman asked what the \$150,000 budgeted in Finance communications was for. Director Griffin responded it was for the new financial software system. Discussion ensued regarding police overtime expenses.

Exhibits were provided for the Other Governmental and Police Pension Funds Preliminary Biennial Budgets. Chairman Christensen asked about the amounts budgeted for the police pension management fees. Director Griffin said the Police Pension fund is using ASB for managing its stock investments.

VA Irvin said staff is still looking at water loss issue. Director Griffin said she is working on an accounting audit to determine if this is an unbilled loss or a physical infrastructure water loss. There is a gap of \$100k-\$150k between the water the Village is buying and selling. PW Superintendent Terlap and Village Engineer Hansen are monitoring flow meters. The issue came up last year and continues into this year. VA spoke with Baxter and Woodman about a quote to do an analysis. Baxter and Woodman may be contacted if staff cannot isolate and repair the problem. Member Dewart asked about the status of the automatic water reading system. Director Griffin said this project will start after the budget process is complete with implementation anticipated this summer. The Village is considering hiring an engineering firm to develop the RFP and coordinate the process with the Village and the selected firm.

IV. Next Meeting

The next meeting will be Monday, February 22, 2016 at 6:00 PM in the Village Board Room.

V. Adjournment

Member Ankenman made a motion to adjourn the meeting at 7:10 PM; seconded by Member Dewart and all members voted aye.

Respectfully submitted,

Marlene Scheibl
Assistant Director of Finance

DATE: March 11, 2015

SUBJECT: Multi-Year General Fund Balance Projections

Attached is the multi-year General Fund Balance Projection worksheets with projections through April 30, 2026. Last year this report was updated to show an assignment of fund balance beginning at \$250k in FY2019 for potential loss of revenue either from the state LGDF and/or from a gap in sales tax projections. This was intentionally left in the schedule.

The FY17-FY18 numbers are based on the tentative budget. Revenue projections for FY19-26 are based on a 2% annual increase in revenues. Expenditure projections are based on these assumptions:

- Personnel costs 4% annual increase (includes salaries and insurance costs);
- Commodities & supplies cost growth of 1.5% annual increase;
- Contractual costs annual increase of 2%; and
- Capital costs based on more typical annual expenditures.

As you review this schedule you can see on page 2 line X that the unreserved fund balance remains well above the 50% fund balance reserve policy.

We will be available to answer questions about this report at the Finance Committee meeting.

**NORTH SHORE LIFE
LAKE BLUFF STYLE**

Attached is a copy of an Issuer Comment report issued by Moody's Investor Service dated March 9, 2016. Moody's rated the Village's outstanding bond issues Aaa which is the most favorable rating. This report, which affirms the current rating, is provided so that the secondary bond market is advised that the Village's finances and governance still merit this rating.

Village of Lake Bluff, IL

Annual Comment on Lake Bluff

Issuer Profile

The Village of Lake Bluff is located in Lake County in northeastern Illinois, on the western shore of Lake Michigan, approximately 30 miles north of Chicago. Lake Bluff has a population of 5,722 people and attained home rule status in 2005, which gives the village significant revenue-raising flexibility. Lake County has a population of 705,186 and a population density of 1,589 people per square mile. The county's per capita personal income is \$65,329 (1st quartile) and the October 2015 unemployment rate was 5.1% (3rd quartile).² Wholesale trade, manufacturing, management and professional/technical services are key drivers of the local economy. Some 70 companies have their corporate or division headquarters in the county, the largest of which include Abbott Laboratories, Baxter International, Coleman Cable, Hospira, Inc., Medline Industries, W.W. Grainger, Walgreen Company, and Takeda Pharmaceuticals Technologies. Great Lakes Naval Training Center, county and local government, and education are also major employers in the county.

Credit Overview

The credit position for Lake Bluff is of the highest quality, and its Aaa rating far surpasses the median rating of Aa3 for cities nationwide. The credit drivers include a very strong financial position, and a superior socioeconomic profile with a good-sized tax base. It also takes into account an extremely small debt burden with a moderate pension liability.

Finances: The financial position of the village is robust and is consistent with the assigned rating of Aaa. The fund balance as a percent of operating revenues (65.5%) far exceeds the US median. Furthermore, Lake Bluff's cash balance as a percent of revenues (62.8%) is far above other Moody's-rated cities nationwide and grew materially from 2012 to 2015.

Economy and Tax Base: The economy and tax base of the village are very healthy. However, they are slightly weak compared to other Aaa rated cities, towns and villages across the US. The full value per capita (\$251,660) is much stronger than the US median. Furthermore, the median family income equals a robust 248.2% of the US level. However, the total full value (\$1.4 billion) is consistent with other Moody's-rated cities nationwide and decreased materially from 2012 to 2015.

Updated the Issuer Profile to include the date the village attained home rule status

Debt and Pensions: The village's net direct debt to full value (0.1%) is materially below the US median. However, the Moody's-adjusted net pension liability to operating revenues (1.7x) unfavorably slightly exceeds the US median and rose modestly from 2012 to 2015.

Management and Governance: The ability to generate positive operating margins demonstrates strong financial management. Favorably, on average, Lake Bluff's operations were positive even as the tax base generally weakened.

Illinois cities have an institutional framework score ³ of "A," or moderate. Revenue predictability is moderate, with varying dependence on property, sales, and state-distributed income taxes. Revenue-raising ability is also moderate but varies. Home rule entities have substantial revenue-raising authority. Non-home rule entities are subject to tax rate limitations, and total operating tax yield for non-home rule entities subject to the Property Extension Limitation Law (PTELL) is capped at the lesser of 5% or CPI growth, plus new construction. Expenditures are moderately predictable but cities have limited ability to reduce them given costs for pension benefits that enjoy strong constitutional protections.

Sector Trends - Illinois Cities

Illinois cities (a sector that includes cities, towns, and villages) face uncertainty stemming from the state's budgetary challenges. The governor has proposed cutting income tax distributions to cities and freezing property tax revenues. Property valuation declines have been severe in the northern region of the state, translating into reduced operating revenue for some municipalities. However, downstate valuations have remained largely stable in recent years. Most cities have been making pension contributions at or near actuarial guidelines and are therefore not expected to face dramatic pension cost increases in 2016 when the state can enforce minimum contributions.

This publication does not announce a credit rating action. For any credit ratings referenced in this publication, please see the ratings tab on the issuer/entity page on www.moody's.com for the most updated credit rating action information and rating history.

Exhibit 2
Fund balance as a percent of operating revenues grew between 2012 and 2015
 Fund Balance as a Percent of Operating Revenues

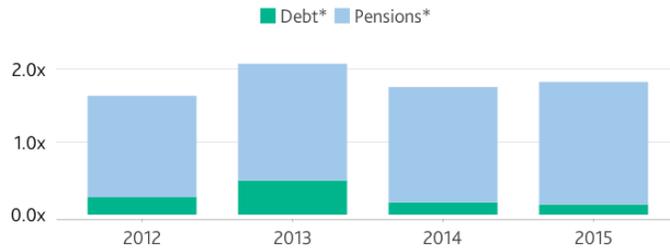

Source: Issuer financial statements; Moody's

Exhibit 3
Total full value decreased from 2012 to 2015
 Total Full Value

Source: Issuer financial statements; Government data sources; Offering statements; Moody's

Exhibit 4
Moody's-adjusted net pension liability to operating revenues grew from 2012 to 2015
 Net Direct Debt and Adjusted Net Pension Liability / Operating Revenues

*Debt is represented as Net Direct Debt / Operating Revenues. Net Direct Debt is defined as gross debt minus self supporting debt. Pensions are represented as ANPL / Operating Revenues. ANPL is defined as the average of Moody's-adjusted Net Pension Liability in each of the past three years.

Endnotes

- 1 The rating referenced in this report is the government's General Obligation (GO) rating or its highest public rating that is GO-related. A GO bond is generally a security backed by the full faith and credit pledge and total taxing power of the local government. See [Local Government GO Pledges Vary Across States](#), for more details. GO-related ratings include issuer ratings, which are GO-equivalent ratings for governments that do not issue GO debt. GO-related ratings also include ratings on other securities that are notched or otherwise related to what the government's GO rating would be, such as annual appropriation, lease revenue, non-ad valorem, and moral obligation debt. The referenced ratings reflect the government's underlying credit quality without regard to state guarantee or enhancement programs or bond insurance.
- 2 The per capita personal income data and unemployment data for all counties in the US census are allocated to quartiles. The quartiles are ordered from strongest-to-weakest from a credit perspective: the highest per capita personal income quartile is first quartile, and the lowest unemployment rate is first quartile. The first quartile consists of the top 25% of observations in the dataset, the second quartile consists of the next 25%, and so on. The median per capita personal income for US counties is \$46,049 for 2014. The median unemployment rate for US counties is 4.7 % for October 2015.
- 3 The institutional framework score measures a municipality's legal ability to match revenues with expenditures based on its constitutionally and legislatively conferred powers and responsibilities. See [US Local Government General Obligation Debt \(January 2014\)](#) for more details.
- 4 For definitions of the metrics in the Key Indicators Table, see [US Local Government General Obligation Methodology and Scorecard User Guide \(July 2014\)](#). The population figure used in the Full Value Per Capita ratio is the most recently available, most often sourced from either the US Census or the American Community Survey. Similarly, the Median Family Income data reported as of 2012 and later is always the most recently available data and is sourced from the American Community Survey. The Median Family Income data prior to 2012 is sourced from the 2010 US Census. The Full Value figure used in the Net Direct Debt and Moody's-adjusted Net Pension Liability (3-year average) ratios is matched to the same year as audited financial data, or if not available, lags by one or two years. Certain state-specific rules also apply to Full Value. For example, in California and Washington, assessed value is the best available proxy for Full Value. Metrics represented as N/A indicate the data were not available at the time of publication.
- 5 The medians come from our most recently published local government medians report, [Updated 2013 US Local Government Medians Demonstrate Stability of Sector \(August 2015\)](#). The medians conform to our US Local Government General Obligation Debt rating methodology published in January 2014. As such, the medians presented here are based on the key metrics outlined in the methodology and the associated scorecard. The appendix of this report provides additional metrics broken out by sector, rating category, and population. We use data from a variety of sources to calculate the medians, many of which have differing reporting schedules. Whenever possible, we calculated these medians using available data for fiscal year 2013. However, there are some exceptions. Population data is based on the 2010 Census and Median Family Income is derived from the 2012 American Community Survey. Medians for some rating levels are based on relatively small sample sizes. These medians, therefore, may be subject to potentially substantial year-over-year variation. Our ratings reflect our forward looking opinion derived from forecasts of financial performance and qualitative factors, as opposed to strictly historical quantitative data used for the medians. Our expectation of future performance combined with the relative importance of certain metrics on individual local government ratings account for the range of values that can be found within each rating category. Median data for prior years published in this report may not match last year's publication due to data refinement and changes in the sample sets used, as well as rating changes, initial ratings, and rating withdrawals.

CREDIT RATINGS ISSUED BY MOODY'S INVESTORS SERVICE, INC. AND ITS RATINGS AFFILIATES ("MIS") ARE MOODY'S CURRENT OPINIONS OF THE RELATIVE FUTURE CREDIT RISK OF ENTITIES, CREDIT COMMITMENTS, OR DEBT OR DEBT-LIKE SECURITIES, AND CREDIT RATINGS AND RESEARCH PUBLICATIONS PUBLISHED BY MOODY'S ("MOODY'S PUBLICATIONS") MAY INCLUDE MOODY'S CURRENT OPINIONS OF THE RELATIVE FUTURE CREDIT RISK OF ENTITIES, CREDIT COMMITMENTS, OR DEBT OR DEBT-LIKE SECURITIES. MOODY'S DEFINES CREDIT RISK AS THE RISK THAT AN ENTITY MAY NOT MEET ITS CONTRACTUAL, FINANCIAL OBLIGATIONS AS THEY COME DUE AND ANY ESTIMATED FINANCIAL LOSS IN THE EVENT OF DEFAULT. CREDIT RATINGS DO NOT ADDRESS ANY OTHER RISK, INCLUDING BUT NOT LIMITED TO: LIQUIDITY RISK, MARKET VALUE RISK, OR PRICE VOLATILITY. CREDIT RATINGS AND MOODY'S OPINIONS INCLUDED IN MOODY'S PUBLICATIONS ARE NOT STATEMENTS OF CURRENT OR HISTORICAL FACT. MOODY'S PUBLICATIONS MAY ALSO INCLUDE QUANTITATIVE MODEL-BASED ESTIMATES OF CREDIT RISK AND RELATED OPINIONS OR COMMENTARY PUBLISHED BY MOODY'S ANALYTICS, INC. CREDIT RATINGS AND MOODY'S PUBLICATIONS DO NOT CONSTITUTE OR PROVIDE INVESTMENT OR FINANCIAL ADVICE, AND CREDIT RATINGS AND MOODY'S PUBLICATIONS ARE NOT AND DO NOT PROVIDE RECOMMENDATIONS TO PURCHASE, SELL, OR HOLD PARTICULAR SECURITIES. NEITHER CREDIT RATINGS NOR MOODY'S PUBLICATIONS COMMENT ON THE SUITABILITY OF AN INVESTMENT FOR ANY PARTICULAR INVESTOR. MOODY'S ISSUES ITS CREDIT RATINGS AND PUBLISHES MOODY'S PUBLICATIONS WITH THE EXPECTATION AND UNDERSTANDING THAT EACH INVESTOR WILL, WITH DUE CARE, MAKE ITS OWN STUDY AND EVALUATION OF EACH SECURITY THAT IS UNDER CONSIDERATION FOR PURCHASE, HOLDING, OR SALE.

MOODY'S CREDIT RATINGS AND MOODY'S PUBLICATIONS ARE NOT INTENDED FOR USE BY RETAIL INVESTORS AND IT WOULD BE RECKLESS AND INAPPROPRIATE FOR RETAIL INVESTORS TO USE MOODY'S CREDIT RATINGS OR MOODY'S PUBLICATIONS WHEN MAKING AN INVESTMENT DECISION. IF IN DOUBT YOU SHOULD CONTACT YOUR FINANCIAL OR OTHER PROFESSIONAL ADVISER. ALL INFORMATION CONTAINED HEREIN IS PROTECTED BY LAW, INCLUDING BUT NOT LIMITED TO, COPYRIGHT LAW, AND NONE OF SUCH INFORMATION MAY BE COPIED OR OTHERWISE REPRODUCED, REPACKAGED, FURTHER TRANSMITTED, TRANSFERRED, DISSEMINATED, REDISTRIBUTED OR RESOLD, OR STORED FOR SUBSEQUENT USE FOR ANY SUCH PURPOSE, IN WHOLE OR IN PART, IN ANY FORM OR MANNER OR BY ANY MEANS WHATSOEVER, BY ANY PERSON WITHOUT MOODY'S PRIOR WRITTEN CONSENT.

All information contained herein is obtained by MOODY'S from sources believed by it to be accurate and reliable. Because of the possibility of human or mechanical error as well as other factors, however, all information contained herein is provided "AS IS" without warranty of any kind. MOODY'S adopts all necessary measures so that the information it uses in assigning a credit rating is of sufficient quality and from sources MOODY'S considers to be reliable including, when appropriate, independent third-party sources. However, MOODY'S is not an auditor and cannot in every instance independently verify or validate information received in the rating process or in preparing the Moody's Publications.

To the extent permitted by law, MOODY'S and its directors, officers, employees, agents, representatives, licensors and suppliers disclaim liability to any person or entity for any indirect, special, consequential, or incidental losses or damages whatsoever arising from or in connection with the information contained herein or the use of or inability to use any such information, even if MOODY'S or any of its directors, officers, employees, agents, representatives, licensors or suppliers is advised in advance of the possibility of such losses or damages, including but not limited to: (a) any loss of present or prospective profits or (b) any loss or damage arising where the relevant financial instrument is not the subject of a particular credit rating assigned by MOODY'S.

To the extent permitted by law, MOODY'S and its directors, officers, employees, agents, representatives, licensors and suppliers disclaim liability for any direct or compensatory losses or damages caused to any person or entity, including but not limited to by any negligence (but excluding fraud, willful misconduct or any other type of liability that, for the avoidance of doubt, by law cannot be excluded) on the part of, or any contingency within or beyond the control of, MOODY'S or any of its directors, officers, employees, agents, representatives, licensors or suppliers, arising from or in connection with the information contained herein or the use of or inability to use any such information.

NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE ACCURACY, TIMELINESS, COMPLETENESS, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF ANY SUCH RATING OR OTHER OPINION OR INFORMATION IS GIVEN OR MADE BY MOODY'S IN ANY FORM OR MANNER WHATSOEVER.

Moody's Investors Service, Inc., a wholly-owned credit rating agency subsidiary of Moody's Corporation ("MCO"), hereby discloses that most issuers of debt securities (including corporate and municipal bonds, debentures, notes and commercial paper) and preferred stock rated by Moody's Investors Service, Inc. have, prior to assignment of any rating, agreed to pay to Moody's Investors Service, Inc. for appraisal and rating services rendered by it fees ranging from \$1,500 to approximately \$2,500,000. MCO and MIS also maintain policies and procedures to address the independence of MIS's ratings and rating processes. Information regarding certain affiliations that may exist between directors of MCO and rated entities, and between entities who hold ratings from MIS and have also publicly reported to the SEC an ownership interest in MCO of more than 5%, is posted annually at www.moody.com under the heading "Investor Relations — Corporate Governance — Director and Shareholder Affiliation Policy."

Additional terms for Australia only: Any publication into Australia of this document is pursuant to the Australian Financial Services License of MOODY'S affiliate, Moody's Investors Service Pty Limited ABN 61 003 399 657 AFSL 336969 and/or Moody's Analytics Australia Pty Ltd ABN 94 105 136 972 AFSL 383569 (as applicable). This document is intended to be provided only to "wholesale clients" within the meaning of section 761G of the Corporations Act 2001. By continuing to access this document from within Australia, you represent to MOODY'S that you are, or are accessing the document as a representative of, a "wholesale client" and that neither you nor the entity you represent will directly or indirectly disseminate this document or its contents to "retail clients" within the meaning of section 761G of the Corporations Act 2001. MOODY'S credit rating is an opinion as to the creditworthiness of a debt obligation of the issuer, not on the equity securities of the issuer or any form of security that is available to retail investors. It would be reckless and inappropriate for retail investors to use MOODY'S credit ratings or publications when making an investment decision. If in doubt you should contact your financial or other professional adviser.

Additional terms for Japan only: Moody's Japan K.K. ("MJJK") is a wholly-owned credit rating agency subsidiary of Moody's Group Japan G.K., which is wholly-owned by Moody's Overseas Holdings Inc., a wholly-owned subsidiary of MCO. Moody's SF Japan K.K. ("MSFJ") is a wholly-owned credit rating agency subsidiary of MJJK. MSFJ is not a Nationally Recognized Statistical Rating Organization ("NRSRO"). Therefore, credit ratings assigned by MSFJ are Non-NRSRO Credit Ratings. Non-NRSRO Credit Ratings are assigned by an entity that is not a NRSRO and, consequently, the rated obligation will not qualify for certain types of treatment under U.S. laws. MJJK and MSFJ are credit rating agencies registered with the Japan Financial Services Agency and their registration numbers are FSA Commissioner (Ratings) No. 2 and 3 respectively.

MJJK or MSFJ (as applicable) hereby disclose that most issuers of debt securities (including corporate and municipal bonds, debentures, notes and commercial paper) and preferred stock rated by MJJK or MSFJ (as applicable) have, prior to assignment of any rating, agreed to pay to MJJK or MSFJ (as applicable) for appraisal and rating services rendered by it fees ranging from JPY200,000 to approximately JPY350,000,000.

MJJK and MSFJ also maintain policies and procedures to address Japanese regulatory requirements.
